Living benefits insurance

Taking the worry out of what-if.

The sudden emergence of the COVID-19 pandemic has affected people's lives in unexpected, if not unimaginable, ways. When Canadians suddenly needed to assess their ability to protect themselves and their loved ones against a serious health threat, many realized how unprepared they were for the effect it would have on their finances, lifestyle, relationships and employment, not to mention their general health and well-being. At times like this, people think, "What happens if I'm not prepared?"

Global emergencies aside, unexpected circumstances, such as an illness or injury, can impact your income and the lifestyle you're accustomed to. If that illness or injury makes it impossible for you to work or forces you to rely on others to take care of you, it will affect your financial health as well.

Protect what's important

Canada has a universal health care system, but that doesn't mean everything is free. All sorts of treatments, therapies, tests and prescription drugs aren't covered by the system. That's why taking action to ensure you're better prepared to cover potential out-of-pocket health care costs with living benefits insurance can be a vital investment in your future. You can also extend that protection to your family and the life you've worked hard to build.

Experts recommend purchasing living benefits insurance earlier in life, even though thoughts of illness and disability may seem like more remote possibilities. The advantages include lower monthly premiums and the comfort of knowing you're protected over the course of your life, not just at an advanced age.

Match solutions with your needs

Regardless of how prepared you are to handle an unexpected event, facing the reality of it can be a very different experience, especially when it comes to your health. If you became disabled or were diagnosed with a critical illness, could you afford the added expenses? In many cases,

these expenses go beyond what government-sponsored health coverage provides.

Living benefits insurance offers the flexibility to suit your specific needs. These plans can be tailored to work in tandem with employee benefit plans or recognize the fact that you own and operate a business or work independently. There are two kinds of living benefits insurance:

- **Critical illness insurance** pays a lump sum if you're diagnosed with an illness or condition that's covered by your policy. The benefit can help finance health care treatments, cover household and family-related costs, manage business expenses and protect what you have set aside for your retirement, so that you can focus on recovery.
- **Disability insurance** protects your income if you are unable to work as a result of either physical or mental health disabilities. Regular payments provide you with a percentage of your income. The benefit is designed to help replace lost income and, for business owners, reimburse business expenses and fund a buy-out agreement if necessary.

Having a combination of critical illness and disability insurance may be a good solution for you. This way, additional coverage can be matched with your circumstances. Consider someone with a \$60,000 annual salary who is diagnosed with a critical illness and unable to work. Here's how critical illness and disability coverage could cushion the impact of health care expenses and lost income:

*Estimates for illustration purposes.

The importance of having a plan

The COVID-19 pandemic has been a unique and challenging experience for everyone, but valuable too, in that it exposed our vulnerabilities and reminded us that it's important to be financially prepared for what can occur. Most people don't expect to be faced with the reality of becoming disabled or being diagnosed with a critical illness, but we all know it can happen. The protection of living benefits insurance can be one of the most valuable assets you have. Speaking with us is the

first step towards understanding the best options available to help take the worry out of the what-if.

TOWN OF ROCANVILLE

MARCH, 2021

Drinking Water Quality and Compliance Annual Notice to Consumers Town of Rocanville

Introduction

The Water Security Agency and the Ministry of Environment requires that at least once each year waterworks owners provide notification to consumers of the quality of water produced and supplied as well as information on the performance of the waterworks in submitting samples as required by a Minister's Order or Permit to Operate a waterworks. The following is a summary of the Town of Rocanville's water quality and sample submission compliance record for the January 1 – December 31, 2020 time period. This report was completed on February 25, 2021. Readers should refer to Water Security Agency's [Municipal Drinking Water Quality Monitoring Guidelines, November 2002, EPB 202](#) for more information on minimum sample submission requirements and the meaning of type of sample. Permit requirements for a specific waterworks may require more sampling than outlined in the department's monitoring guidelines. If consumers need more information on the nature and significance of specific water tests, for example, "what is the significance of Selenium in a water supply", more detailed information is available from: http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/index_e.html.

Water Quality Standards Bacteriological Quality

Parameter/Location	Limit	Regular Samples Required	Regular Samples Submitted	# of Positive Regular Submitted (%)
Total Coliform and Background Bacteria	0 Organisms/100 mL Less than 200/100 mL	52	52	0

Water Disinfection –

Chlorine Residual in Distribution System for Test Results Submitted with Bacteriological Samples

Parameter	Minimum Limit	Total Chlorine Residual Range	Free Chlorine Residual Range	# Tests Required	# Tests Submitted	# Adequate Chlorine (%)
Chlorine Residual	0.1 mg/L free OR 0.5 mg/L total	0.52-1.04 mg/L	0.45-0.98 mg/L	52	52	52 (100%)

Water Disinfection - Free Chlorine Residual for Water Entering Distribution System from Waterworks Records - From Water Treatment Plant Records

Parameter	Limit (mg/L)	Test Level Range	# Tests Performed	# Tests Not Meeting Requirements
Free Chlorine Residual	at least 0.1	0.45-1.12	365	0

A minimum of 0.1 milligrams per litre (mg/L) free chlorine residual is required for water entering the distribution system. Tests are normally performed on a daily basis by the waterworks operator and are to be recorded in operation records. This data includes the number of free chlorine residual tests performed, the overall range of free chlorine residual (highest and lowest recorded values) and the number of tests and percentage of results not meeting the minimum requirement of 0.1 mg/L free chlorine residual.

Turbidity – From Water Treatment Plant Records

Parameter	Limit (NTU)	Test Level Range	# Tests Not Meeting Requirements	Maximum Turbidity (NTU)	# Tests Required	# Tests Performed
Turbidity	1.0	0.08-1.18	1	1.18	365	365

Chemical – Health Category

All waterworks serving less than 5000 persons are required to submit water samples for SE's Chemical Health category once every 2 years. The Chemical Health category includes analysis for arsenic, barium, boron, cadmium, chromium, fluoride, lead, nitrate, selenium and uranium.

The last sample for Chemical Health analysis was submitted on 7th December, 2020. Sample results indicated that the provincial drinking water quality standards were not exceeded.

Sodium	<300	3 mg/L	1	1
Sulphate Dissolved	<500	58.8 mg/L	1	1
Total Dissolved Solids	<1500	432 mg/L	1	1

All waterworks serving less than 5000 persons are required to submit water samples for SE's General Chemical category once every two years if a ground water source and once per three months every second year if a surface water or blended surface/groundwater source. The General Chemical category includes analysis for alkalinity, bicarbonate, calcium, carbonate, chloride, conductivity, hardness (as CaCO₃), magnesium, sodium, sulphate and total dissolved solids.

The last sample for General Chemical analysis was required on 2018 and submitted on April 20, 2019. Sample results indicated that there were no exceedences of the provincial aesthetic objectives for the General Chemical category. *Objectives apply to certain characteristics of or substances found in water for human consumptive or hygienic use. The presence of these substances will affect the acceptance of water by consumers and/or interfere with the practice of supplying good quality water. Compliance with drinking water aesthetic objectives is not mandatory as these objectives are in the range where they do not constitute a health hazards. The aesthetic objectives for several parameters (including hardness as CaCO₃, magnesium, sodium and total dissolved solids) consider regional differences in drinking water sources and quality.

More information on water quality and sample submission performance may be obtained from:

We're
HIRING

Rocanville Dial-A-Van

will resume regular driving hours starting on Monday, October 5, 2020.

All Seniors in the town of Rocanville are welcome to ride the bus on Mondays, Wednesdays and Fridays from 9:00 am to 4:00 pm.

We can take you uptown, to the Market Garden, grocery shopping, to get the mail, to a doctor's appointment, to the bank, or a hair appointment all for a return trip of \$2.50.

We'll carry your groceries and will drive you from one place to the next. We have a lift if you feel the steps aren't for you.

Please call

(306) 434 6644

to book your ride.

Our drivers are all volunteers and if you feel you could help us by driving one or two days a month, then that would be appreciated.

Helping our Seniors is a great way to make our community even better than it is.

Webster Cemetery Update:

Donations to Webster Cemetery delivered to the Town of Rocanville Office at 103 Ellice Street in Rocanville, cheques now need to be made out to the Town of Rocanville and indicate that it is a cemetery donation. This is different than in past years.

Your donations can also be mailed to PO Box 790, Rocanville, SK S0A 3L0. Cheques made out to the Town of Rocanville or to Webster Cemetery. Donations can also be delivered to RM of Rocanville 151 Office located at 1001 Railway Avenue, Rocanville or to Glenda Brown's office at 301 Railway Avenue in Rocanville. Whatever way you choose to donate, tax deductible receipt will be issued.

The costs of operating and beautifying our Cemetery is funded almost solely on plot sales and your generous donations in memory of loved ones. The cemetery decisions and administrative work are handled by a local Board of volunteers. However, the endless hard work of mowing and trimming grass, planting trees, straightening headstones, filling holes, planting grass, painting fences, maintaining our buildings and equipment, marking graves for burials and many other tasks is a paid position (assisted by volunteers). This past few years, the donations and plot sales have fallen short of covering our costs. Please remember us and your loved ones we care for when you are in the position to give!

Webster Cemetery Board of Directors

YOUR LOCAL **TIMBER MART** MEMBER

HELP US BUILD A PERMANENT OUTDOOR RINK FOR THE COMMUNITY OF ROCANVILLE.

This winter the Town of Rocanville set up a temporary rink, it was set up in a quick effort to give people a place to stay physically active and socialize safely during COVID. This little rink turned out to be a hot spot for the community with many families enjoying the rink on a regular basis. With how popular the outdoor rink has been the Town of Rocanville has decided to set up a permanent rink. This rink could be used in the summer for skateboarding / rollerblading, Pickleball and more, then used as a rink in the winter months.

If you would like to help, see this project come to life please consider donating.

Ways to donate:

- Purchase a skate for \$2.00 at the Rocanville Borderland Co-op or Rocanville Community Thrift Store (skates will be displayed in the windows).
- Send an e-transfer donation to the Town of Rocanville (town.rocanville@sasktel.net, please put outdoor rink donation in the memo).

**** Donations of \$20 or over will receive recognition in the April Community Calendar, and on the Rec Facebook page.**

THANK YOU SO MUCH FOR YOUR SUPPORT.

ROCANVILLE THRIFT STORE

Hurray we did it - after 24 years in business we have surpassed \$1 000 000 in earnings! In turn we have given back to the residents of Rocanville as well as the nearby communities. We support anyone in need as well as all our local facilities and sports venues. Every year we donate to some of our local health organizations such as the Moosomin Health Care Facility, Stars, Cancer Patient Lodge, Rocanville Medical Centre, Ronald McDonald House and whoever is in need.

We are only able to do this because of all your support. First, we have all those who donate so willingly and in turn come back and shop in our store on a regular basis. Then we have the many dozens of volunteers who sort, clean, and try to keep our merchandize in an organized state. We have staff who schedule our daily workers for various jobs and our treasurer who keeps our finances in line. We have so many to thank from the cashiers, garbage and bag movers, rag cutter, snow mover, house cleaners, auditor, Tuesday cleaners and anyone that I might have missed.

In spite of being closed almost four months, we still did very well this year. We thank you all for supporting us so we can have a positive influence on the many people we are able to assist.

MARCH

at your library

Thank You

The library now has an iPad courtesy of Sask. Lottery grants! The iPad will be used to provide online programming for kids and adults. Follow us on Facebook for the most up-to-date information.

If you are having a hard time seeing we have a good selection of large print books and audio books as well

Masks are mandatory at this time. Please wear your mask if you are visiting the library. Patrons are still able to browse the stacks. Hand sanitizing and social distancing is required.

Only 5 patrons in the Library at a time still.

Curbside pickup is still available to anyone that would like to utilise it. Only available during regular open hours.

All returned items must be quarantined for 24 hours before processing. If you are sent a notification of having overdue items but have returned them already— do not be alarmed. No late fees will be charged and items will be checked in the following week as we are only operational over 3 week days.

PROGRAMMING: Sign up through Facebook for take-and-make craft bags. Puzzles are now available to borrow over the winter. Contact the Library for more information.

If you have any questions regarding the current policies, would like to place holds or place a curbside pick up order— feel free to contact the Library @ 306-645-2088, by email rocanville@southeastlibrary.ca or through our Facebook page/messenger.

LIBRARY HOURS:

Wed: 9 AM-12:00 P M
and 2:00-6:00 PM

Thurs: 2:00-6:00 PM

Friday: 2:00-6:00 PM

Phone: 645-2088

218 Ellice Street

Interested in joining the Library Board?

We are looking for community-minded individuals to provide fresh input and new ideas!

If interested, please call the Library @ 306-645-2088.

NEXT BOARD MEETING:

AGM: Friday, March 12, 2021, 6:00 pm

Board Meeting: Friday, March 12, 6:30pm

at the Library

I truly believe that if we have a voice, we are obligated to use it for good, and to empower others. I want to take the opportunity to thank the entire community of Rocanville, Moosomin and all the surrounding areas for the support Asher and I received on our journey through Season 6 of Battle of the Blades. Reflecting on the adventure, I am filled with gratitude seeing what we all achieved together as one team, donating a combined \$70,000 to Do it For Daron and Freedom School Diversity Initiatives. This figure is a true testament to the strength and power we have in our numbers, when we set out on a mission together for the betterment of all youth and children.

In a time full of challenges, Asher and I felt gifted with the platform to advocate for youth mental health, to spark joy, and shine light on important topics in a year more prevalent than ever before. I was filled with courage week to week knowing I had an army of youth, students, teachers, coaches and families behind me. This was what our journey was meant to be about. Fostering safe, empowering and inclusive communities that openly invite difficult conversations around mental health.

I will always be grateful to call Saskatchewan home. Whether it was through weekly voting, or purchasing a shirt to support, thank you for bringing our messages and causes into your household conversations. My hope is that we continue to show up for one another, never be afraid to keep the dialogue going and remember that one person, one voice, and one conversation can save a life.

Thank you for showing that every battle can be won, when we all skate together.

Jessica Campbell
